Controltec
Flexible Childcare Software

KinderConnect

A Customizable Provider Portal

KinderConnect is a web-based provider portal that saves time spent on everyday administrative tasks while minimizing the possibility of fraud. It can be completely tailored to your organization's particular needs and state regulatory requirements.

Take control over everything from program access, reporting, attendance, printing and more.

- Fully Customizable & Configurable
- Fewer Errors, Better Transparency
- Total Attendance Management
- Engineered for Speed & Ease of Use
- Bank-Grade Security

KinderSmart

Mobile Attendance Tracking

KinderSmart is a mobile application for iPhone and Android devices that revolutionizes attendance tracking for childcare providers. Using QR codes—the same technology that powers electronic concert tickets and airline boarding passes—parents can check their children in and out of care in seconds.

Track attendance quickly, accurately, and securely with your mobile device.

- 3-Step Check-in & Check-out
- Detailed Attendance History
- KinderConnect Integration
- Intuitive & Easy to Use
- Automatic Timestamping & Record Keeping

KinderSign

Secure Childcare Attendance Tracking

KinderSign is an application for iPad and Android tablets that streamlines childcare attendance tracking. The solution gives centers and providers an efficient way to collect attendance while making it fast and easy for parents and guardians to sign children in and out of care.

Save time and money. Say goodbye to paper sign-sheets and inaccurate attendance records.

- A Powerful & Convenient Tablet App
- Secure, Engaging & Easy to Use
- Quick Check-in & Check-Out
- Detailed Attendance History
- Attendance Tracking, Simplified

KinderTrack

Total Childcare Subsidy Program Management

KinderTrack is built for subsidy management agencies of all sizes, KinderTrack streamlines all components of case work—including eligibility determination, provider payments, attendance tracking, reporting, and more.

If your agency provides services to subsidized families, KinderTrack is the software solution you need.

- Powerful Tracking & Alerts
- Accurate Attendance & Payment Processing
- No More Overpayments
- Comprehensive Record Keeping & Reporting
- Automatic Alerts & Task Tracking

KinderWait

Waiting List Management Made Easy

KinderWait is a web-based system that consolidates childcare waitlists, allows families to submit online applications, and automatically determines eligibility—all from within a single location.

Eliminate delays and uncertainty with hassle-free waitlists.

- Automated Eligibility List Solution
- Online Childcare Applications
- Fast, Comprehensive Reporting
- A Complete Audit Trail
- Secure Access for Agencies, Providers & Families

CenterTrack

Comprehensive Childcare Center Management

CenterTrack is a cloud-based, fully-secure software solution that enables childcare professionals to streamline and automate repetitive, labor-intensive reporting, invoicing and data collection tasks.

CenterTrack is a turn-key solution for California childcare programs or agencies of any size. Get in touch to find out how it can help you simplify program compliance.

- Powerful Automation Tools
- Total Classroom Management
- Fewer Errors, Better Transparency
- Engineered For Speed & Ease of Use
- Fully Secured & Accessible Anywhere
